## About the report

### Annual security reports are published for each University of Mary campus

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the University of Mary publishes an annual security report for its main campus and one for each of its satellite campuses. The Clery Act is a federal law that requires institutions of higher education in the United States to disclose campus security information including crime statistics for the campus and surrounding areas. In 1986 Jeanne Clery, a college freshman, was murdered and sexually assaulted in her campus residence hall room by another student she didn't know. Her school hadn't informed students about the high volume of violent crimes on campus in the three years preceding her murder.

To see the official University of Mary Discrimination and Harassment policy, which is published in the Student Handbook and in all employee handbooks, is available on the university website at:

[https://my.umary.edu/ics/ClientConfig/CustomContent/policies/Discrimination\\_and\\_Harassment\\_pdf](https://my.umary.edu/ics/ClientConfig/CustomContent/policies/Discrimination_and_Harassment_pdf)

The Clery Act regulations, **Hate Crime 34 CFR 688.46 (c) (3)**, require institutions to classify hate crimes according to the FBI's Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Guide for Hate Crime Data Collection. All statistics continue to be reported by Clery geographic area and category of bias. A hate crime is one that manifests evidence that the victim was intentionally selected because of the perpetrator's bias. Crimes include murder and non-negligent manslaughter; negligent manslaughter; forcible and non-forcible sex offenses; robbery; aggravated assault; simple assault; intimidation; destruction, damage, or vandalism of property burglary; larceny motor vehicle theft and arson. The categories of bias include race, gender, religion, sexual orientation, ethnicity/national origin or disability. The Clery Act requires colleges and universities to disclose all instances of Clery Act crimes listed in the crime statistics table above PLUS any other crime involving bodily injury that manifests evidence that the crime is a hate crime. The disclosure of each hate crime must include information about the geographic location where it occurred and the category of bias that was involved.

## **EMERGENCY NOTIFICATION/TIMELY WARNING ADVISORY:**

A timely warning is provided to members of the university in compliance with the Jeanne Clery Act, 20 U.S.C. § 1092 (f). The timely warning is a means of heightening safety awareness and to provide students, faculty and staff with a timely notification of crimes that are considered a serious or continuing threat to the campus community. The University of Mary Critical Incident Response Team is responsible to keep the university community informed of any emergency situation. Members of the team are: the vice president for financial affairs, the director of physical plant, the director for safety and security, the vice president for student development, the vice president for academic affairs and the director for information technology. Depending on the nature of the situation, the Critical Incident Response Team will utilize any or all of the following methods to issue emergency notices and/or security advisories to keep the University of Mary informed of important safety and security information as it becomes available: The Critical Incident Response Team will confirm there is an emergency and determine which segments of the campus community must be warned. The Critical Incident Response Team determines the appropriate content of the warning and sends the notification. Notice will be sent without delay, unless sending such a message will, in the professional judgment of the responsible campus authorities, compromise the effort to deal with the emergency or rescue a victim. The Critical Incident Response Team will notify the larger community of the emergency notification through the media spokesperson, or designee.

### **The University of Mary Text Message Notification System:**

Individuals must register their cell phone number with the notification system. Instructions for registering your cell phone are issued through e-mail notification and on the university website.

Those who are issued keys are prohibited from duplicating the keys or loaning them to anybody.

**If a key is lost or stolen and immediate report should be made to the appropriate campus authority.**

## **THE IMPORTANCE OF REPORTING CRIMINAL ACTIVITY:**

The University of Mary main campus has a Campus Safety and Security office but doesn't have its own police department. Therefore students, faculty, staff and guests are strongly encouraged to report all criminal or suspicious activity to both the local law enforcement agency and to the Campus Safety and Security office.

Prompt reporting of criminal activity enables the university and local law enforcement officials to more effectively protect the safety of the entire community. No matter how insignificant the incident may seem, the information you provide may be an important clue that may be helpful.

The University of Mary is committed to doing everything possible to protect those who report a crime from any form of retaliation. This commitment is in the form of an anti-retaliation policy, which is located at: <https://my.umary.edu/ics/ClientConfig/CustomContent/policies/Retaliation.pdf>

The official who takes your report is responsible to submit an official report of the incident using the appropriate form for that purpose. Copies of the form are available at the Student Development Office (355-8265), located in the Benedictine Center on the main campus. All completed reports must be submitted to the vice president for student development within two (2) business days. All crimes reported to the university will be investigated. When the alleged perpetrators of a reported crime are identified as students, the investigation is the responsibility of the director for student life. Any disciplinary action will be handled internally in accordance with the procedures outlined in the University of Mary Student Handbook. Students determined to have involvement in criminal activity are subject to disciplinary action whether the incident occurred on- or –off-campus. As required by the Clery Act, and as permitted by the Family Education and Privacy Act (FERPA) the university will inform a victim of an alleged crime of violence should the outcome of the student disciplinary proceeding against the accused, be held responsible after all allowable appeals have been exhausted. When the alleged perpetrators are employees of the university, internal disciplinary action may be pursued as outlined in the employee handbook. In this case the investigation will be the responsibility of the director for human resources and appropriate supervisors and administrators.

### **Emergency Response and Evacuation Procedures:**

The GFAFB Security Police, Grand Forks County Sheriff's Office and the American Red Cross are the main governmental agencies that the University of Mary calls on for assistance in an emergency since Campus Safety and Security does not have law enforcement authority.

- The vice president for financial affairs, or designee, will place the announcement on the university website and issue a campus-wide text message all who have opted-in, and send a campus-wide emergency e-mail notification immediately to notify the campus community of an immediate threat to health or safety when an emergency is confirmed.
- If it is safe to do so, the university switchboard is responsible for informing incoming callers of the emergency.
- The University of Mary has a contract with Simplex Grinnell once a year for fire alarm testing and once a year for fire panel testing. Residence halls test evacuation procedures at least twice a year. Records include a description of the test (unannounced or announced) and the date and time of the test.

## **ACTIVE SHOOTER/HOSTAGE SITUATION:**

In the wake of the tragic shootings at Virginia Tech University, and Northern Illinois University along with recent cases in the news of college students being abducted and murdered, students, parents, faculty and administrators are concerned about what can be done to prevent these types of tragedies.

Experts emphasize that in many cases, the perpetrator of campus violence has communicated their intentions to someone, in advance. This may have come in the form of writing about violence in course assignments, posting information on the web indicating a fascination with death or violence, or the person may have made reference to getting even with someone or a group of people because of perceived mistreatment or abuse.

Immediately report anyone who follows you, stalks you, and sends unwanted electronic communications or phone calls.

**Active shooter:** If you see or hear of an active shooter or hostage situation ON campus, immediately call 911 and campus safety and security at (701) 355-8000. Even a brief delay could result in injury or loss of life, so don't attempt to verify that an active shooting is really taking place – take cover immediately!

### **In a classroom, residence hall, or office:**

- If you are in a classroom, residence hall, or office STAY THERE, lock the door. Stay out of sight. Keep away from the door, keep low and remain quiet.
- If the door has no lock, use furniture to barricade the door.
- If the door has a window, cover it if you can.
- Do NOT approach a person with a weapon.
- If safe to do so, try to place a physical barrier between you and the shooter.

## **Hostage situation:**

### **If you are taken hostage:**

- Ask permission from the hostage-taker prior to taking any action.
- Try not to make any sudden or unexpected movements.
- Do NOT point out law enforcement officers if you become aware of their presence.
- Do NOT attempt to negotiate with a hostage-taker.
- Do NOT make suggestions to a hostage-taker.
- Do NOT try to disarm a hostage-taker and/or escape.

## **ALCOHOL POISONING:**

It is important to realize that even though a person may be conscious, alcohol continues to enter the blood stream and circulate through the body. Do NOT allow a person to “sleep it off”.

**Call 911 immediately.**

Then call Campus Safety and Security at (701) 355-8000 to have added assistance.

- While waiting for help continue to monitor the person's life signs. An indication of possible alcohol poisoning is slow respirations, which are eight (8) or fewer breaths per minute or lapses of more

---

than ten (10) seconds between breaths. Cold, clammy, pale or bluish skin is another indication of alcohol poisoning.

- Do **NOT** leave the person until medical help arrives AND don't give them food, liquid or a cold shower.

## **BOMB THREAT/SUSPICIOUS PACKAGE:**

Remain calm. Call 911 and Campus Safety and Security at (701) 355-8000 for assistance. Do NOT evacuate the building unless directed to do so by emergency/law enforcement officials.

**No phone calls are permitted to be made on the phone that received the bomb threat.**

**If a bomb threat is received by phone, ask:**

- Where is the bomb located?
- When is the bomb going to explode?
- What kind of bomb is it?
  - What does it look like?
  - Why did you place the bomb and where are you calling from?

**Write down the following information:**

- Time and date of the call.
- Exact words the caller used.
- Speech pattern, accent, background noises, etc.

**If a suspicious package is discovered:**

- Call 911 and Campus Safety and Security at (701) 355-8000 immediately for assistance.
- Do NOT attempt to touch or move the suspicious package.
- Evacuate the immediate area surrounding the suspicious package.

## **CAMPUS VIOLENCE:**

Do NOT take a chance that an intruder and/or disruptive-unruly person will remain non-violent. Call 911 and Campus Safety and Security at (701) 355-8000 for assistance. **General guidelines to follow when dealing with an intruder or disruptive person:**

- Do NOT approach the person.
- Obtain a description of the intruder(s) and visually scan the intruder(s) for any sign of a weapon.

- Instruct bystanders in the surrounding area to seek a position of safety.

## **CHEMICAL SPILL/HAZARDOUS MATERIAL:**

Take immediate action if you hear a strange sound like an explosion, see a vapor cloud, smell a strange odor, feel nauseous or have burning eyes.

- Call 911 and Campus Safety and Security at (701) 355-8000 for assistance.

If the alarm hasn't sounded, activate the alarm and call 911 and Campus Safety and Security at (701) 355-8000 for assistance.

### **ALL alarms should be taken seriously. If you hear an alarm, evacuate the building!**

- Never attempt to fight a fire larger than wastebasket size. Even a small fire can generate enough smoke to cause serious injury. Never attempt to fight a fire by yourself. Call for help! Always stay between the fire and the exit!
- Feel the doors:
- If the door is cool, evacuate using the nearest exit. Close the door behind you,
- If the door is hot, don't open it. Crouch near the floor to avoid smoke inhalation. Go to a window, if available, and try to wave a cloth to signal for help.
- The universal sign for a person trapped in a burning building is to hang clothing or a sheet out the window of the room where you are trapped. The firefighters then will know where you are trapped.
- If your clothes catch fire, **STOP-DROP-ROLL!**
- If it is safe to do so check restrooms, lounges, classrooms, residence halls, cafeteria and any area that may be occupied and instruct all persons to evacuate to the nearest exit.
- Do NOT use the elevator during an evacuation!
