

UNIVERSITY OF MARY RESIDENCE LIFE STUDENT (COVID-19) WORKFLOW

BEFORE ATTENDING CLASSES EACH DAY

Be aware that COVID-19 is present in Burleigh County, Morton County, Bismarck, Mandan and is likely in some form on campus. These guidelines are meant to help protect your health and that of the campus community.

Conduct a self-assessment every morning to be aware of your overall health and wellness; stay in your residence hall, off-campus housing, or home if you feel unwell or are displaying symptoms such as:

FEVER OF 100°F
OR HIGHER

DRY COUGH

SHORTNESS
OF BREATH

SORE THROAT

HEADACHE

BODY ACHE

CHILLS AND/OR REPEATED
SHAKING WITH CHILLS

NEW LOSS OF
TASTE OR SMELL

- If you replied NO to all of the symptoms above, please continue your day as usual.
- Pack one or more face coverings to use in buildings and classrooms if needed. Please launder or clean face coverings daily.
- Do your part to practice social distancing and use face coverings when indicated to respect fellow community members.
- Practice good hygiene throughout the day, including frequent hand washing.

IF YOU BECOME ILL AND LIVE ON-CAMPUS

- A student residing on campus who is experiencing ANY of the above symptoms or if the student was contacted by the ND Department of Health that they were a close contact with a confirmed COVID-19 case, they should stay in his or her room and contact the CHI St. Alexius Health University of Mary Clinic at 701-530-3670 during clinic hours (9 am – 4 pm Monday through Thursday and 8:30 am – 12 pm on Friday), or the Residence Life staff who is on-call at 701-425-5242 outside of these times. Outside of these clinic hours students may access a CHI St. Alexius Urgent Care Clinic at 4315 Ottawa Street or 807 East Main Street, Bismarck, ND, from 8 am to 8 pm every day of the week. Students may also contact their primary care provider.
- The student should stay in his or her room until told what to do further.
- CHI St. Alexius University of Mary Clinic staff will work in tandem with the ND Department of Health to provide COVID-19 testing and contact tracing if needed. **To receive these services the students must go through the CHI St. Alexius University of Mary Clinic.**
- When a positive case of COVID-19 or a close contact with a positive COVID-19 case is identified, it is critical to address the immediate medical and practical needs of the affected student. Residence Life will coordinate this effort. University of Mary has a limited group of rooms available for students who are directed to isolate or quarantine and need to remain on-campus. **These spaces are not medically monitored by CHI St. Alexius Health University of Mary Clinic staff.**
 - o Students may prefer to isolate or quarantine at their permanent residence if that is possible or preferred. Students and their families should formulate a plan.
 - o The student will remain in isolation and/or quarantine until directed as determined by the individual student situation and/or medical needs.
 - o Residence Life staff will follow the University of Mary protocols for placing a student in and caring for a student in isolation and/or quarantine if recommended and for appropriate transport if emergency care is needed.

IF YOU BECOME ILL AND LIVE OFF-CAMPUS

- Please stay home if you are ill or experiencing symptoms as above.
- If the student is concerned about his/her symptoms or was contacted the ND Department of Health that they were a close contact with a confirmed COVID-19 case, they should contact the CHI St. Alexius Health University of Mary Clinic at 701-530-3670 during clinic hours (9 am – 4 pm Monday through Thursday and 8:30 am – 12 pm on Friday). Outside of these clinic hours students may access a CHI St. Alexius Urgent Care Clinic at 4315 Ottawa Street or 807 East Main Street, Bismarck, ND, from 8 am to 8 pm every day of the week. Students may also contact their primary care provider.
- CHI St. Alexius University of Mary Clinic staff will work in tandem with the ND Department of Health to provide COVID-19 testing and contact tracing if needed. **To receive these services the students must go through the CHI St. Alexius University of Mary Clinic.**
- Students should plan to isolate or quarantine at their off-campus or permanent residence.
- The student should remain in isolation and/or quarantine and not return to campus until determined by the individual student situation and/or medical needs.
- The student should self-report per the University of Mary protocol if they use another medical facility besides the CHI St. Alexius University of Mary Clinic.
