

You may notice the construction happening at the University of Mary; that's because the work for our brand-new **Marauders Athletics Complex** is officially underway! *This project, poised to transform all of Marauders Athletics, is a reason to celebrate. Please note the portions of campus that will be closed this summer as a result of this construction. For more information on the Marauders Athletics Complex, visit [umary.edu/Groundbreaking](http://umary.edu/Groundbreaking)*

UNIVERSITY  
of MARY
